

Every Wednesday (12 June - 25 September 2018)

Every mountain lake is special and has its own character, its own color and size. The beautiful 4 Lakes Hike high above Längenfeld starts beyond the treeline with the snow-topped glacier peaks of Stubaital valley as a lovely backdrop. You should really concentrate on nature's small and mighty treasures - in and around the emerald green mountain lakes there is a lot to discover. With a bit of luck you can also watch a golden eagle soaring high above Geigenkamm ridge. During a short Kneipp break you restore new energies for the remaining stage. A wonderful hiking tour for body, soul and mind.
